Good to know

Arrival & parking

Check-in from 4 pm, earlier on request. On site, the Lechner family looks after you.

Two parking spaces at the house are free. For more cars there is the [Reiterkogel parking garage](#) (charged). There is an EV charging station at the house, and charging is free for our guests.

In the suite

Included: bed linen, hand and bath towels, bathrobes, sauna towels and final cleaning. We provide a baby cot on request.

Kitchen: induction hob, oven, fridge with freezer, dishwasher with tabs, Nespresso machine, kettle, sparkling water maker, full set of cookware and tableware, glasses and kitchen utensils. Plus washing-up liquid, tea towels, bin bags, napkins and kitchen roll. Please do not use electrical appliances you brought yourself without checking with us first.

Basics: 2 Nespresso capsules per person per day, a selection of teas, pepper, salt and sugar.

Bathroom: towel warmer, make-up mirror, hair dryer, tissues and toilet paper. Washing machine, dryer and detergent are there too.

Wi-Fi is free in all rooms. There is a **TV** in the living and dining area and in every bedroom.

Ski, bike & mountain

Each suite has its own **garage** for bikes, skis and boards and a **boot dryer**. In winter two heated **ski depots** (one per suite) at the Zwölferkogel base station are reserved for you, a 10 minute walk from the house. You put your ski boots on right at the lift.

The **ski bus** stop is an 8 minute walk away. The **supermarket** is a 15 minute walk or 3 minutes by car.

Joker Card in summer

In summer the Saalbach Hinterglemm [Joker Card](#) is included for our guests. It covers the cable cars, valley train, hiking bus, tennis courts, mini golf, guided hikes and the Käpt'n Hook adventure pool, among others.

Tourist tax

The tourist tax is €2.95 per person per night for guests aged 15 and over (including a €0.50 mobility fee). Children under 15 pay no tourist tax. It is charged on top of the rental price.

Quiet hours

Out of respect for our neighbors, please keep to our quiet hours from **10 pm to 7 am**.

Safe

Please use the safe in your suite for valuables. You can find the instructions [in this guide](#) and right at the safe.

Sauna

We have a small selection of sauna scents for your infusions. Please follow the [sauna rules](#) and **never** place anything on the sauna heater or the heater guard. Fire hazard!

Power and water

Nine panels of a photovoltaic system supply part of our energy. Please use the washing machine and dryer during the day when the sun is shining.

The tap water in Hinterglemm is spring water straight from the mountains. It is collected in the water protection area, flows from the spring collector into the storage tank and from there directly to the households. It does not get fresher. Carafes and a SodaStream are in the suite.

Washing machine & dryer

Manual for the dryer: [download PDF](#).

SodaStream

If the CO₂ cylinder is empty, just message us on WhatsApp. We have spares and will bring you a fresh one.

Summer & bike

A bike wash and bike racks are available. You will find water with a hose and a steam jet in the garage. Please clean your bike and gear in front of the garage, not inside.

Please rinse dirty bike clothes first (best at the bike wash) and only then put them in the washing machine. Thank you!

Waste

Please separate waste: glass, aluminum and tins, paper and cardboard, organic waste, yellow bag (plastic, TetraPak, packaging, Nespresso capsules) and general waste. The bins are in front of your bike and ski compartment.

Departure

Please leave the suite broom-clean (dishes, pots and oven clean). A broom and vacuum cleaner are in the corner cupboard in the kitchen. Otherwise we may charge a cleaning fee.

Check-out on the day of departure at 9 am at the latest.

Manuals & sauna

Nespresso

Manual for the Nespresso De'Longhi capsule machine: [download PDF](#).

Finnish sauna

The Finnish sauna is yours to use for **3 hours every day**, between **12 noon and 10 pm**. For safety reasons it is switched off from 10 pm to 7 am. Sauna towels are in the wardrobes in the bedrooms.

Manual for the sauna control: [download PDF](#). Practical tips are in the [sauna rules](#).

Use at your own risk. Parents are responsible for their children.

Weber electric grill

Manual: [download PDF](#). Please use the grill mat on the grate. The mat can go in the dishwasher for cleaning, the grill grate cannot.

Safe

Please read the instructions carefully before you operate the lock. We are not liable for malfunctions caused by incorrect settings, force or improper handling, nor for damage to property or assets caused by a safe that was not locked properly.

Locking

1. Close the door
2. Enter your personal 3 to 6 digit code
3. Press the # key
4. Make sure the safe is locked

Opening

1. Enter your 3 to 6 digit code
2. Wait until "OPENED" appears on the display
3. Open the door

The sauna rules

Sauna sessions do not only relax you, they also strengthen the immune system. For carefree enjoyment a few basic rules matter. We have summarized them for you.

No rush

Give your body the chance to enjoy the healthy effects. Plan at least two hours for a proper sauna visit. The recovery effect is what counts.

Shower & hygiene

Please shower before the sauna to remove cream, oil and make-up from your skin. Sit completely on your towel so that no sweat drips onto the wood.

Know your limits

One session of 10 to 20 minutes is usually enough for beginners. Pros go for up to three. Most important: listen to your body. It is about your well-being, not a competition.

Stay hydrated

Drink mineral water or diluted fruit juice a few minutes after your session. It supports the cleansing effect. Skip alcohol.

Health & etiquette

If you are ill (cold, fever, flu), stay out of the sauna. If a cold has mostly passed, a sauna visit can help recovery. The sauna is a wellness and relaxation zone, not a party zone.

Cooling down

After the sauna your body needs more oxygen, because the heat has raised your metabolism and circulation. If possible go outside and breathe deeply. Then take a cold shower.

Rest

Now wrap yourself in a warm bathrobe and take a nap of at least 15 minutes.

Safety

Never put anything on the sauna heater. Fire hazard! No alcohol on the heater.

Use at your own risk. The emergency stop button in the sauna sets off the house siren, so everyone nearby notices your emergency. Press it only in a real emergency.

Sauna control: [manual \(PDF\)](#).

Eat well

We like to eat well, and we think you do too. Here are some tips for restaurants and huts. Always reserve a table in restaurants and pre-order dishes like knuckle of pork or breakfast.

In most huts and some restaurants you can only pay in cash. Credit cards are not accepted there.

To take home

Oafoch Guat

Weißbach bei Lofer

Delicatessen, bistro and wine shop. Everything handmade and from small production. Food to take home, catering, or a short stop on your way in. Opening hours and address via the link.
